The Whitman-Hanson Retrospect

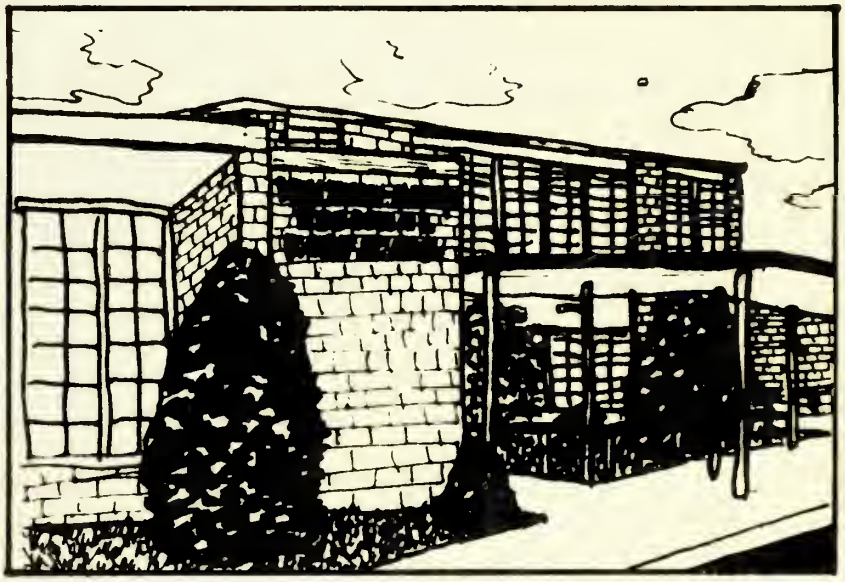
1981

CLASS OF '81 ENTERS W-H

On September 7, 1977, the class of 1981 entered the halls of Whitman-Hanson as young, rather terrified freshmen. It is hard to believe that once we were those meek, inexperienced children that we look down on today. Look back to the first day of class: mixed up schedules, lost rooms, piles of books, locker combinations to learn, and the first high school lunch. After feeling rather sure of ourselves as the oldest in junior high, we were suddenly on the bottom again, left to work our way up to acceptance and respect. The large amount of homework, the complicated rules, and the hassles from upperclassmen did not make the goal any easier to reach. Somehow, though, we made it. We worked our way to the top. We are now seniors, ready to go out into the world. The experiences we've had since that first day at W-H will follow us wherever we go.

DATE SET FOR GRADUATION

On June 7, 1981, the class of 1981 will be officially graduated from Whitman-Hanson. This date will mark the end of four years of maturation and growth in high school and the beginning of our adult lives. Graduation will be the last time that the class of '81 will be all together. It is a time for looking back on both the good and bad experiences of high school and for looking ahead to the future and the rest of our lives.



STUDENTS RECEIVE RINGS

On April 2, 1978 the class of 1981 received their class rings. After some time of comparison shopping, the Balfour Company was chosen as the company to make the rings. The students were allowed to choose the setting and the stone of the ring. There were choices of a number of metals, different crests representing various activities, many colors of stones, varying cuts of stones, and extras such as a student's signature on the inside of the ring. Most students were quite satisfied with their rings and there were few complaints. The rings were a fascinating topic of conversation for many, many weeks.

SENIOR'S LAST DAY

On May 15th in the year of our Lord nineteen-hundred-and-eighty-one the senior class will be released from bondage. The portals of Whitman-Hanson Regional High School shall be thrown open and teeming masses of seniors will be liberated and proceed to twist and torture the rules that they've tried to live by for the past four long years. Then upon reaching their vehicles, a long procession will be formed and will proceed to wreak havoc on the parking lot and throughout the towns of Whitman and Hanson. This will be the culmination of emotions stored since freshman year resulting in the greatest day in the history of the senior class.

JUNIOR PROM HELD

The Junior Prom was held on June 6, 1980, at the Canoe Club in West Bridgewater. The theme song was "The Long and Winding Road." The evening was a memorable one, high-lighted by the choosing of Prom Queen, Dawn Yurkus, and her court, Kathy McCarthy, Theresa Risko, Lisa Kailher, and Lori Yourell. Music was supplied by the band, "Total Eclipse," featuring such songs as "Another Brick in the Wall" and "Free Bird." Their rendition of "The Long and Winding Road" brought almost all couples out onto the dance floor.

The Whitman-Hanson Retrospect

I do not choose to be a common man.

It is my right to be uncommon--if I can. I seek opportunity--not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me.

I want to take the calculated risk; to dream and to build, to fail and to succeed.

I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia.

I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat.

It is my heritage to stand erect, proud and unafraid; to think and act for myself, enjoy the benefit of my creations and to face the world boldly and say, this I have done.

All this is what it means to be an American.—*My Creed* by Dean Alfange

Help Wanted
FACULTY

Wanted: A group of mature, responsible, well-educated, psychologically stable adults to staff a high school. The ability to handle ones self in situations of crisis, as well as the ability to help adolescents adjust to new situations, is absolutely necessary. A specialty in one or more academic areas is mandatory. A most important requirement is that of an eloquent speaking mannerism (used in confrontation with irate parents and "out-spoken" students). Combat experience is optional.

This of course may apply to the faculty of Whitman-Hanson. As the senior class of "81" departs the hallowed halls of W-H for the final time, the staff should realize that they have turned upon the unsuspecting world, the product of their craft. (No, Mr. Resnick, they can't prosecute you for that). It is with the greatest of respect the students of W-H, and especially the seniors, say, "thank you".

People

The Seniors

People: the single commodity which can make or break a high school. Without the variety of personalities which inhabit these hallowed halls, Whitman-Hanson would be a very dull place. It is the challenge of getting along (or not getting along) with these multitudinous characters which makes things exciting. Where would the teachers be without the class clown or the kid sleeping in the third row? What would the freshmen do without the upperclassmen to hound them? Everyone needs a challenge now and again!

As one wanders through the hallways of W-H, the most obvious type of personality is that of a senior. That kid waltzing down the hall like he owns the place, slamming freshmen's lockers closed while they attempt to rescue their books, is the beloved upperclassman of this illustrious institution. He is what such Freshmen or Sophomores will someday become. Don't laugh; in one, or two, or three years, look at yourself and your friends strutting down the halls, hassling the underclassmen and then you'll know . . . you're a Senior!!!
